

Weekend Parking Disruption
Due to Car Park resurfacing in
Drive-way area
Saturday 5th November 2011

Dear Clients

Please may we advise you that on the morning of Saturday 5th November we will be having the Upminster car park re-surfaced in the Drive-way area and therefore alternative car parking for our clients will be available in:

The staff parking area adjacent to the main car park, indicated by the sign Staff & Deliveries only.

Temporary signs will then guide you into the building.

We will remain fully open and functional throughout this time, but please may we suggest to minimize congestion on this day, that wherever possible all non-urgent visits to the practice and collections of food or medications be made before or after this day. Normal parking will resume on Sunday 6th November.

Please accept our apologies for any inconvenience this may cause, but we appreciate your patience and assistance with this matter.

Thank you, The Wylie Vet Centre
